

You think you made it to the top  
Because people know your name  
It's still the same

Your daydream's aren't forever  
Better get your shit together  
For a new game

Back to your hometown  
Back to your day job  
Back to your girlfriend  
The biggest lie

Passing on your judgement  
But you brought it on yourself  
By being you  
You trade your self respect  
For no success, & something  
But you end up nothing

Back to your hometown  
Back to your day job  
Back to your girlfriend  
The biggest lie

The biggest lie  
Back to your hometown  
The biggest lie  
Back to your girlfriend  
Back to your girlfriend  
The biggest lie  
The biggest lie  
The biggest lie
