Title: The Calling

---

Just a malignancy, this moment in time  
Structured brutality, reflected inside  
Free flowing thoughts avoid me  
As I focus on the negative  
The very thing that makes me whole  
Cut me down in the end

Forget about everything that's know  
Build foundations begin again  
The very thing that cut me down  
Made me whole in the end, wait

It's me again, can you see me  
Calling,
