

"Take it or leave it."
Were the words you chose over mine.
So much reminds me of you and I miss your smile.
10:01 and this night is gone.
I spent it ill while the world moves on
If time alone was a brush that paint with solace and misfortunate,
my life would be a work of art.

But I've seen this all before.
Things shouldn't have gone this far
We shouldn't have gotten so close.
But what made me believe?
Was it the girl who made him forget all he's known.
Every time he looked into her eyes.
Or was it the boy who decided to give up his heart, and run away.
Today is gone, tomorrow's mine, but
I'm still alone x5. Im still alone without you.

Bleeding out so much more,
spilling blood since you've left.
If I had a second chance I'd live my life waiting to death.
So I walk to the store.
Spent a buck fifty in quarters
to buy the ring you said you liked,
'cause I'm thinking of you now.
Now I drive to the coast,
the place where I drown all my fears.
Let the water set me free.
I'm screaming can't you hear?
Or is this the end of everything I loved?
Or are we destined for more?
Why can't you look me in the eyes and tell me what you want to.
I know you want to so bad, so bad.

But I've seen this all before.
Things shouldn't have gone this far.
We shouldn't have gotten so close.
But what made me believe?
It was you who made me forget all I've known
Every time I looked into your eyes
And it was me who decided to give up my heart and run away.
Today is gone, tomorrow's mine, but
I'm still alone x5. Im still alone without you.
