Title: The First Taste

download from: <http://www.lyricsdisc.com>

I lie in an early bed thinking late thoughts
Waiting for the black to replace my blue
I do not struggle in your web because it was my aim to get caught
But daddy longlegs, I feel that I'm finally growing weary
Of waiting to be consumed by you

Give me the first taste
Let it begin, heaven cannot wait forever
Darling just start the chase
I'll let you win, but you must make the endeavor

Oh, your love give me a heart contusion
Adagio breezes fill my skin with sudden red
Your hungry flirt borders intrusion
And I'm building memories on things we have not said

Full is not heavy as empty, not nearly my love
Not nearly my love, not nearly

Give me the first taste
Let it begin, heaven cannot wait forever
Darling, just start the chase
I'll let you win, but you must make the endeavor

The first taste
Let it begin, heaven cannot wait forever
Start the chase, I'll let you win
But you must make the endeavor
