Title: The Lady Suite

download from: <http://www.lyricsdisc.com>

It's been so long since I've seen you
And you chocolate legs wrapped around me
Your sexy smell drives me crazy
Let's get married

Suitelady...will you marry me?
I never thought I would ever
Want matrimony forever
But you brought suite deep familiar
Let's get married

Suitelady...will you marry me?

Hey!
What you wanna do with me?
Do you wanna be with me ?
C'mon baby...let's get married
(repeat four times)

Hey!
