Hey, lick the tip, why dontcha...

In 1983, a team of crack draw enthusiasts created a masterplan.  
A design for a way of livin' so revolutionary, so groundbreaking,  
That its very concept posed a threat to the fabric of society.

A threat even greater than that of having a stiffy whilst standing  
In the middle of a glyn williams' coach full of nuns.

The implications of this radical movements' political manifesto  
Posed a threat to the uk authorities who in turn drove its founder  
Members under ground.

Now, for the first time in world 'istory, these shadowy figures of  
Chaos reveal... the manifesto
