

Over the hills, lies a new beginning  
Over the hills  
Over the hills, there is a way I know it  
Over the hills

You can't bring all the gloom  
Your heart is frayed and so empty  
You glorify the future  
Living in a different world than me  
The journey ends in death  
You are giving up so easily  
You are the other half of me

Over the hills

We are drifting apart  
Chilled to the marrow, cause you don't want to go  
Cause we've got a different wish at heart  
The amulet guides us to the other side  
When I go down it's you who'll bleed  
I'm not scared to die, as long as I'm with you  
You are the other half of me

Over the hills, lies a new beginning  
Over the hills  
Over the hills, there is a way I know it  
Over the hills
