

When you fool yourself
The other one
When you fool yourself
It's the other one
The other one gets hurt
Time it doesn't help
And the other one
Time it doesn't help
And the other one
The other one walks out
Hold me
Sacred
Touch me
Hold me
That's better
When you pull away
The other one
Really pull away
And the other one... the
Other one breaks down
...The vision is gone with
Anyone
When you give it up
The other one
Really give it up
And the other one
The other one will too...
Hold me
Sacred
Touch me
Hold me
That's better
Hold me
Stay close
Touch me
Don't leave
That's better
Hold me
Sacred
Touch me
Hold me
That's better
