Title: The prettiest songs

download from: <http://www.lyricsdisc.com>

Dearest gal, i'm worried 'bout us
losing you became my worst curse
I won't say that i will buy you a car
and i won't buy some stars

There're too many words i would like to say
but i truly don't know how to begin
you mean too much to my life
you mean so much that i can't hide

when I sing these songs

Although my songs are sad
they are the prettiest songs
as you are the prettiest star
and I am the happiest guy

So, so I sing these songs for you
talkin'bout your holy face, eyes, hair, hand
i wrote these songs for you
that's why they're so.. so.. so..

beautiful.
