Title: The Regular G

download from: <http://www.lyricsdisc.com>

Is this less than what I can handle or is this more than you deserve?
I bet you build me up this high just so I can crash a little harder.
I wish you would call me over there.
I wish you would come here on a start.
Wait, I can't wait another day.
I wish you would come here on a start.
I bet it happens again and again and again until it happens again.
