Title: THE SEED

download from: <http://www.lyricsdisc.com>

The secret of the seed
is in the fragrance of the flower,
as the petals open up
and bow their heads towards the power.
In the sky were passing by
a million miles every hour
On the universal clock..
It's Basic Rhythm is forever...
and Life Dances...and rejoices
in the Knowledge...of its freedom
and the
Promise of a New found Destiny.
