---

we left as soon as we did i knew... there was a bad taste in our mouths  
and ?? didn't come too soon  
but you finally tasted it too  
it's just another case of fucking up  
a perfectly good afternoon  
every manner that i've forgot  
it could've helped me out from acting cruel  
?? the mist is strong  
all the jokes were funny  
i got to feeling that my timing was off  
but baby it's just not me  
so as far as anyone can see  
they'd be helpless not to agree  
they drive miles between us three  
it was them vs. you vs. me  
as soon as we drove right through  
30 seconds without a word  
it was then that i knew for sure  
i wasn't gonna hear a word from you  
?? came the radio  
and you scowled at the beautiful trees  
i was thinking of what went wrong  
i thought ? baby its not just me  
so as far as anyone can see  
they'd be helpless not to agree  
they're driving miles between us three  
it was them vs you vs me

so as far as anyone can see  
they'd be helpless not to agree  
they're driving miles between us three  
it was them vs you vs me
