

There must be more to life than this  
There must be more to life than this  
How do we cope in a world without love  
Mending all those broken hearts  
And tending to those crying faces  
There must be more to life than living  
There must be more than meets the eye  
Why should it be just a case of black or white  
There must be more to life than this

Why is this world so full of hate  
People dying everywhere  
And we destroy what we create  
People fighting for their human rights  
But we just go on saying c'est la vie  
So this is life

There must be more to life than killing  
A better way for us to survive  
What good is life, in the end we all must die  
There must be more to life than this

There must be more to life than this  
There must be more to life than this  
I live and hope for a world filled with love  
Then we can all just live in peace  
There must be more to life, much more to life  
There must be more to life, more to life than this
