Title: Think for Yourself

download from: <http://www.lyricsdisc.com>

I'm not proud of my country, I'm not proud of my skin,
I'm fed up with such approaches and thinking ain't a sin

Think for yourself

I reject our involvement in exploitation and hate
And I reject the confusion that our quarrels create

Think for yourself

I'm supposed to believe all the lies that are spread
but hypocritical truths I'm not prepared to accept
