Title: This Fine Social Scene

download from: <http://www.lyricsdisc.com>

Blossom lipped ladies and men with a gleam in their eyes
Fat happy babies sit on their born thin mother's thighs
Picture a vow
Picture well

I couldn't see the cracks in this fine social scene
I couldn't find the fault with this whole pantomime

All others laughing the jokes by the host
He's the man

All others dancing in couples to these session bands
Wearing smiles
Hot cold 45s

I couldn't see the cracks in this fine social scene
