

Eyes  
Burning a way through me  
Overwhelm  
Destroying so sweetly  
Now  
There is a fire in me  
A fire that burns

This fire is out of control  
I'm going to burn this city  
Burn this city  
This this fire is out of control  
We're gonna burn this city  
Burn this city  
This fire is out of control  
We're gonna burn this city  
Burn this city  
This fire is out of control  
We're gonna burn it  
I'll Burn it  
I'll Burn it  
Burn it down

Eyes  
Burning a way through me  
Overwhelm  
Destroying so sweetly  
Now  
There is a fire in me  
A fire that burns

This fire is out of control  
I'm gonna burn this city  
Burn this city  
This fire is out of control  
I'm gonna burn this city  
Burn this city  
This fire is out of control  
We're gonna burn this city  
Burn this city

If this fire is out of control  
Then I  
I'm out of control  
and I burn  
Oh how I burn for you  
Burn, oh how I burn for you  
Burn  
How I burn  
How I burn  
Oh how I heeey

This fire is out of control  
I'm gonna burn this city  
Burn this city  
This fire is out of control  
I'm gonna burn this city  
Burn this city  
This fire is out of control  
We're gonna burn this city  
Burn this city  
This fire is out of control  
We're going burn it  
I'll burn it  
I'll  
I'll  
I'll burn it down
