Title: This Is My Dream

download from: <http://www.lyricsdisc.com>

You'll never find another way to be
And like an actor I do the best I can
(this is my dream)
Believe in yourself and all the things you do
(this is my dream)
Believe in yourself and all your dreams come true
You want it

You'll never find another way to be, way to be
You'll never change the way to live your life

I cannot write all my confessions
But alone with myself I can't remind my past
(this is my dream)
Believe in yourself I know this time you could
(this is my dream)
Believe in yourself and never be to sure
You want it

You'll never find another way to be, way to be
You'll never change the way to live your life
