Title: This Resistance

download from: <http://www.lyricsdisc.com>

---

march in resistance  
declaring war on ignorance  
commitment to the forwarding of thought  
resilience  
never fall down  
never let them get you on your knees  
division  
got to separate from their disease  
contagious like a virus poisoning our minds  
wake up and open your eyes  
before we go blind
