Title: Thorn In Your Flesh

download from: <http://www.lyricsdisc.com>

Feel it stabbing in the air
You talk to me of reasons
Why you don't care
You're always pushing harder
I can't get no rest
If I could just remember
Remember my name

[Chorus]
Cause I'm the thorn in your flesh
Yes I'm the thorn in your flesh

Call of the wild keeps you there
Oh well I guess I'm the last of things to do on your list
You keep on counting higher
And if you get any lower
I guess you'll blast away what's left of my brain

[Chorus]
Cause I'm the thorn in your flesh
Yes I'm the thorn in your flesh

I never had me no place to roam
I never had a thing of my own
Now you fill me up with your fire
Let me feel desire

[Chorus]
Cause I'm the thorn in your flesh
Yes I'm the thorn in your flesh
