---

Walk in the flame again,  
I'll be there to hold your hand,  
Keeping you safe until the end  
And when the flood begins,  
I'll be there with you to stand,  
Walking in faith until the end

Chorus: 2x's  
I'll see you through the flood,  
I'll see you through the fire,  
I'll see you through the storms-a-raging.

Walking the darkest rain  
I cover you by my name,  
A shelter inside your world of pain  
Step on the waters waves  
Coming to me by faith  
I am the light of better days

(Chorus)2x's

I'll see you through the flood,  
I'll see you through the fire,  
I'll see you through, the storms-a-raging

2x's  
don't be afraid  
I'll never leave you lying  
Forever yours

Forever yours  
Forever yours  
Forever yours I am

(chorus) 2x's  
I'll see you through the flood  
I'll see you through the fire  
I'll see you through the storms-a-raging
