Title: Tomorrow

Tomorrow's just another day, another way to spend my day
All by myself
Staring at the TV screen, flipping through my magazine
Everything is unclear
I need you here, doo doo doo

And I wake up, put on my makeup
Pick up the phone, nobody's home
I need to break out, get me some takeout
Stand inside a crowd, I want to scream out loud
That I'll be okay
I'll be okay

Walking down this winding road, rainy days are all I know
I have hit the ground
Staring up into the sky, counting all the reasons why
My mind is spinning around
I need to breathe, doo doo doo

So I wake up, put on my makeup
Pick up the phone, nobody's home
I need to break out, get me some takeout
Stand inside a crowd, I want to scream out loud
That I'll be okay
I'll be okay

Get up from off the floor I, I just can't take no more
Leaving it all behind 'cause yesterday's gone

Na na
Na na na na na
Na na na na na
Na na na na

And I wake up, put on my makeup
Pick up the phone, nobody's home
I need to break out, get me some takeout
Stand inside a crowd, I want to scream out loud

I need to wake up, put on my makeup
Pick up the phone, nobody's home
I need to break out, get me some takeout
Stand inside a crowd, I want to scream out loud

I need to break out,
and alright,
and okay,
okay,
alright,
okay,
o yea

And we'll be all right

Tomorrow's just another day, another way to spend my day
