

(Daniele Alexander/Gary Scruggs)

I don't need to buy a pack
I quit ten days ago
I don't need to hit the town
'Cause Mondays are always slow
I don't need to call you up
To see if you're at home
I don't need to drive by your house
To see if you're alone

But tonight I know I will
I'll start wanting you again
'Cause I can't stop the way I feel
You won't even have the heart
To say our love was real
But tonight I know I will

I don't need to lose my pride
Knocking on your door
I don't need to hear you say
You don't love me no more
Don't want to shed a tear
Like I'm prone to do
Don't want to stay up all night
If I'm not next to you

But tonight I know I will
I'll start wanting you again
'Cause I can't stop the way I feel
You won't even have the heart
To say our love was real
But tonight I know I will

Don't wanna go walking
Down memory lane
It's nothing but a dead-end street
Where nothing's ever gonna change

But tonight I know I will
I'll start wanting you again
'Cause I can't stop the way I feel
You won't even have the heart
To say our love was real
I shouldn't dream of you
But tonight I know I will
