

I am not your hourglass  
Can't flip me over to let time pass  
Playing hard to get can backfire  
Don't let a chance at love expire  
Deadline, out of time  
I can't believe I put up with you so long  
That's it, I quit  
Take me for granted, you're so wrong

/PRE-CHORUS/

You're gone, dream on  
It's never gonna work between you and me  
You didn't see the love in me  
You're blind, now suffer the penalty

/CHORUS/

Don't you get it? Here's a clue  
There's nothing more that you can do  
You're too late, too late  
I've waited around too long for you  
And your affection's overdue  
You're too late, too late  
Too bad my love is gone for you  
Some things you just can't undo  
You're too late, too late  
Now I have to close the door  
You can't have me anymore  
You're too late, too late

You knew I had my eye on you  
That I'd always be there for you  
You were too distracted  
Now my offer retracted  
Too slow, no go  
Why you took so long, I just don't know  
Fed up, stood up  
I waited and waited, got zero

/PRE-CHORUS/ /CHORUS/

Oh, oh, why'd you think  
I'd be waiting around for you  
Oh, oh, why'd you think  
I'd be waiting around for you  
Ah (ah)

/CHORUS/

You're too late, you're too late  
You're too late, you're too late  
You're too late
