---

If I didn't forget you my heart would explode  
Yeah, there is too much love  
Yeah, way too much love  
The last thing we need is to miss  
The last thing we need is this  
I will never regret you  
It kills you to know  
Yeah, there is too much love  
Yeah, way too much love  
The last thing we need is to miss  
The last thing we need is this  
Yeah, there is too much love  
Yeah, way too much love
