We need D.T.P.  
Death to posers is what I mean  
Stand tall, never Fall  
We will Rise to kill them all  
There's an Evil in your Brain  
Driving you fucking Insane  
Torture  
Fighting off  
The Evil in your Brain  
At any Cost  
To Release you from this Pain  
Death will come  
The final Sign will arrive  
To torture your Mind  
Anybody from deep inside  
Torture  
Torture  
There's an evil in your Brain  
Driving you fucking insane  
Torture  
Fight!
