

when i touch you... feeling your skin
when i touch you... deep within
i'll break your silence on your way to me
i will make you everything you want to be
when i touch you...

you know that you'll love it... you'll need it...
for sure...
i'm drawing your lines with my hands
i'm weaving the dream that never ends
i don't play hide and seek... with you... dear
when i touch you...

aiming fingers searching secret pleasures
roaming where your river seems so deep
you know i'm going on
i like the song you'll sing... for me
when i touch you...

you know that you'll...

and when tension's spilling down your skin
love will never be what she once was
when i touch you...
