Title: Towards The Sea

download from: <http://www.lyricsdisc.com>

---

Through vast landscapes he rode  
towards east  
Until he felt the salty odour in his nose  
The sound of waves come from far away  
Under all thorns he found the rose  
A moment later the infinity opened  
Foaming waves splashing onto the sands  
Notes began to surround his ears  
Carrying message from foreign lands  
So sang the sea...
