

No more pain
I'm almost there
I'm a cellophane pioneer
I'm ridin' hard
I'm takin' off
You look so pretty when you're near
M.D.M.A.
Trippin' on ecstasy
Trippin' on ecstasy
Now I'm free
My planet's dead
And I'm the kind
I'm in love with everything
I'm losing weight
My mind's a wreck
But I'm in touch with my feelings
M.D.M.A.
Trippin' on ecstasy
Trippin' on ecstasy
I'm trippin' on ecstasy
I'm trippin' on ecstasy
Now I'm free
No one can catch me
Look at me again
I can see again
Look at me again
I can see again
Hit the motherlode
Drop two more hits
I'm on a power drive
I don't get sick
I can touch the sky
No one knows I'm alive
M.D.M.A.
Trippin' on ecstasy
Trippin' on ecstasy
I'm trippin' on ecstasy
I'm trippin' on ecstasy
Now I'm free
Look at me again
I can see again
I'm out there again man
