Title: Undenying love

download from: <http://www.lyricsdisc.com>

Walking away from someone
Who loved me more than himself
Someone who gave all he had
To help someone else

I was trying to believe that
Honest love was not around
But there was no denying
Who was there when I was down

Undenying love
It's a love I can't deny
No matter where I try to run
His love won't let me hide

Undenying love
Ever present in my life
It's the undenying love of
Jesus Christ

Helpless and hopeless are feelings
That try to get inside
And make you feel that you have failed
And need to run and hide

But every place you've been
It doesn't really matter where
You'll find that his amazing love
Is waiting for you there.
