

I'm awake
I know 'cause i'm afraid
Of every little thing
It makes me think of you

You're so serene
Underneath your wit
You're watching me
Tripping my saddle shoes

Better shoot me down...
To that bold, bold underground
Save me
Save me

Quiet now
It's time to say your prayer
God is near
They say he's watching you

Better shoot me down...
To that bold, bold underground
Save me

Better shoot me down...
To that bold, bold underground
Save me
Save me

I believe
Shhh...
I believe
Shhh...
I believe
Shhh...
I believe
Shhh...
Shhh...
