We are unemployed, happy, happy unemployed  
We are unemployed, we got nothing to do, juhu  
We are unemployed, happy, happy unemployed  
We are unemployed, Paula, me and you

We've got no job - job  
We've got no work - work  
We've got no job, no work and nothing else to do

We're feelin' good - good  
We're feelin' fine - fine  
We're feelin' great and so we sing it all again

We are unemployed, happy, happy unemployed  
We are unemployed, we got nothing to do, juhu  
We are unemployed, happy, happy unemployed  
We are unemployed, Paula, me and you

We've got no job - job  
We've got no work - work  
We've got no job, no work and nothing else to do

We're feelin' good - good  
We're feelin' fine - fine  
We're feelin' great and so we sing it all again

We are unemployed, happy, happy unemployed  
We are unemployed, we got nothing to do,  
We are unemployed, happy, happy unemployed  
We are unemployed, Paula, me and you

We've got no job - job  
We've got no work - work  
We've got no job, no work and nothing else to do

We're feelin' good - good  
We're feelin' fine - fine  
We're feelin' great and so we sing it all again

We are unemployed, happy, happy unemployed  
We are unemployed, we got nothing to do, juhu  
We are unemployed, happy, happy unemployed  
We are unemployed, Paula, me and you
