

Can I have a moment just to talk to you?  
Let me just explain what I been goin' through  
So fine you are  
Got my mind messed up  
You got me thinkin' things most blissfully  
Tell me if you want me

Un'h, when I think of you  
Un'h, makes me wanna do  
Un'h, crazy things when I'm alone with you  
Un'h, when the lights go out  
Un'h, that's when I'm all about  
Un'h, un'h, to you

If you wanna see what's really goin' on  
Don't you wanna find the spot that turns me on  
I can tell you've got what it takes  
To satisfy me  
I must admit it baby, oh oh

When I start to fantasize  
You were there rubbin' on my thighs  
Touchin' me, and kissin' me  
Feels so real, like you're here with me

Un'h, when I think of you  
Un'h, makes me wanna do  
Un'h, crazy things when I'm alone with you  
Un'h, when the lights go out  
Un'h, that's when I'm all about  
Un'h, un'h, to you

Un'h, when I think of you  
Un'h, makes me wanna do  
Un'h, crazy things when I'm alone with you  
Un'h, when the lights go out  
Un'h, that's when I'm all about  
Un'h, un'h, to you

When I start to fantasize  
You were there rubbin' on my thighs  
Touchin' me, and kissin' me  
Feels so real, like you're here with me

Oh baby  
(For the playin' niggas)  
(For the playin' niggas)  
(For the playin' niggas)  
(For the playin')  
Un'h, un'h  
(For the playin' niggas)  
Un'h, un'h  
(For the playin' niggas)  
Un'h, un'h  
(For the playin' niggas)  
Un'h, un'h  
When I think of you

Un'h, when I think of you  
Un'h, makes me wanna do  
Un'h, crazy things when I'm alone with you  
Un'h, when the lights go out  
Un'h, that's when I'm all about  
Un'h, un'h, to you
