everything i am  
this is not as much fun as it used to be  
nothing is ever going to me as much to me  
i've drincken from a chalice full of tears from an angel  
drowning in a pool of desire  
fear and anger this time not my fault  
i cannot recall ever feeling this lost  
it's painted on my face everything that i stand for  
i look into the mirror into the eyes of a stranger
