I used - I used her right - oh, yeah
I used - I used her right - oh, yeah

Don't you give me no
Don't you give me no shit

I used - I used her right - oh, yeah
I broke her open wide - I broke her open wide - oh, yeah

Don't you give me no
Don't you give me no shit

Digging down deep in my conscience
Digging up something nasty and white
Break wide down the middle and hard
I'll tear away what I came for

I used - I used her right - oh, yeah
