verse one: Mad Skillz

It's time to bring it down, don't front on the sound
Check your thunderpound, it be Skillz blowing up from the underground
Now, don't waste your time and try to taste mine
I'm killing MC's and going low-key like baselines
Be hesitant, VA residents ain't friendly
Diss and I'll walk on your back like Mr. Benny
When my shit drop, all this wack shit'll stop
Till Janet stops, rockin' Planet Rock
Keepin' it real hot
I specialize in microphone satisfaction
Hackin' MC's who think Skillz be relaxin'
Straight from punchline ave, metaphor metropolis
I'm shockin' MC's like seeing their grandmothers topless
Watch this, check for my sequel
I make raps and niggas vanish like the Village People
Hey, you checkin' for me check
