Got an old Smiths' record  
and I put it on endlessly.  
To mourn a lethal fascination  
of a girl named Valerie.  
She got a XXX rating  
and maybe someday she'd have married me.  
But, she was born to keep me waiting.  
Her name was Valerie.

With a little more time, I was thinking  
we could've worked my hooks into you.

Over a recent complication  
I came to find that she'd tired of me.  
She wrote the book of Revelations.  
Her name was Valerie.

With a little more time, I was thinking  
we could've worked my life around you.  
With a little more time...  
Whoooo!

Her name was Valerie, Valerie.  
Her name was Valerie, Valerie.  
Her name was Valerie, Valerie.

Her name was Valerie.
