

the strangest things
i've always known
it slays me everytime
darkened fields
have overgrown

you want to lay me out?
tie me down?
tie me

our love
covered in my blood
is so violent

shake this scene
another one
it plays me everytime
we're not that green
we're overdone

you want to lay me out?
tie me down?
tie me

our love
covered in my blood
is so violent
