---

Sweet little lady  
Yesterday I felt  
You play a strange game  
Sweet little lady  
Now I know my feelings  
Turned to truth  
And you don't have to tell me  
What your soul can show me  
I'm not afraid of dying  
I'm more afraid today of  
losing you

Do you remember  
Everything was easy  
When I was there?  
Do you remember  
When we touched the sky  
And took a plane - back  
home?  
It never made a difference  
Between our age and our  
separate souls  
'Cause from the first step on  
I knew you are the one I'm waiting  
for

A Violet Dream  
Always there all around me  
You will hear me calling out your  
name  
So loud I can  
This Violet Dream  
I will dream here without you  
You will get what you want  
You will take what you are looking for

I wish I could prove it  
Although I am sure that love  
ends here  
You know - I was able  
To reach for the stars in your sky  
And all of the promises  
That I've ever made  
Are more than just more empty words  
You know they'll turn to truth

A Violet Dream.
