that makes me want to runaway
done my grave and went to far
tryin to trake advantage of me in your car
funniest thing that are true
i dont really want to be with you

(hey,hey,hey,hey,hey,hey,hey,hey)

Chorus
now dont cry to me about the past
i know im not the first i doubt ill be the last
gods all you got aint on you
why you want me i haven't gotta clue
your like this all of the time
