---

Today is just like all the others  
I'm not alright i've cried my last tears  
I'm bleeding out my pain as you scream at me (Just Why?)  
You've got me waiting by myself  
I never wanted more than this  
What will it take to get the truth  
I'm on my knees  
Another page of i'm sorry's addressed to me  
Another story for the collection of memories folded neatly  
You've got me waiting by myself  
I never wanted more than this  
What will it take to get the truth  
I'm on my knees (x2)  
And I will never make the same mistake...(x4)  
You've got me waiting by myself  
I never wanted more than this  
What will it take to get the truth  
I'm on my knees (x2)
