Title: Waiting on the sun

download from: <http://www.lyricsdisc.com>

I'm going nowhere and I'm going to take my time
all the questions in the world I can leave in my mind
I'm waiting on the sunshine
the sunshine

I'm waiting for answers
I'm waiting to figure it out
I took all my chances
I slipped through my town

I'm going nowhere and I'm going to take my time
all the questions in the world I can leave in my mind
I'm waiting on the sunshine
the sunshine
the sunshine

well it seems that my weakness
is sometimes my only strength
and in my incompleteness
you get your way

I'm going nowhere and I'm going to take my time
all the questions in the world I can leave in my mind
I'm waiting on the sunshine
the sunshine
the sunshine

I'll be around
and I will find my way back down
yea I've seen the sound
of the sun

I'm going nowhere and I'm going to take my time
all the questions in the world I can leave in my mind
I'm waiting on the sunshine
the sunshine
the sunshine
the sunshine
