Title: Walking around

download from: <http://www.lyricsdisc.com>

Walkin' around town, just a wanderin' around,
getting a load off my mind.
Feeling kinda mad, feeling kinda sad,
I just can't shake it sometimes
I always get this feeling. It's hard to stay in control.
Inside my mind is reeling.
I need to do something I gotta get up an go!

Gotta get myself together and get organized,

even though that might be hard.
Don't wanna waste my life feeling sorry for myself,
that's such a boring way to spend time.
I'm gonna take my chances so I'll have no regrets.
I'm gonna live my own life and do what I want
with what time I have left.
