

(Bissell/Hancock)

So did you think that maybe I'd refuse
Or did you know I'd fall for you
You made a pass, I trembled in my shoes
It's a fairytale coming true
You've been the theme of a million dreams
You've answered every prayer
Answered my prayer

IIIIII

I'm walking on air
Head in the clouds
Oh woh oh oh oh
IIIIII
I'm walking on air
Above the crowd
Head in the clouds

I feel a shiver when you steal a kiss
I miss a beat inside my heart
I'd cry a river if I lost all this
Though we barely got past the start
You realize when true loving arrives
The minute that it's there
Minute it's there

Oh oh I'm walking on air
I'm so happy you are there
So happy you are there
You've been the theme of a million dreams
You've answered my prayer
Answered my prayer

IIIIII I'm walking on air
Head in the clouds
Oh woh oh oh oh
IIIIII I'm walking on air

I'm walking on air
Above the crowd
I'm walking
I'm walking
Head in the clouds

Because of you boy...
