---

Lieproducing, crime-saluting  
Humiliating, segregating  
Life-eating, gun-feeding  
Hypocrisy, society

Warscene overcrowded  
Loss of civil liberties  
Life spilled like blood  
Misanthropical atrocities

Warmachine is discipline  
Furiously killing clean  
The power addiction  
A lethal infliction

Raped by bullets  
Innocent dead  
Evidence elimination  
Strategy spread

Wardead through bloodshed  
Face-up, forgotten corpses unburied

Wardead
