I Feel Something Near
Is It Misery Or Fear
It's a Mystery Unclear
What Am I Doing Here

A Breeze Upon My Face
Smells Sweet As Your Embrace
A Smile Across My Face
As I Think About That Place

And I Feel Like I Know
What's Going On
Like Roses Reach to
Kiss the Morning Dawn
I'm Washington Tonight
And All Is Calm
I'm Coming Home to You
We're Moving On

We Rode Upon a Town
People All Around
It's a Good Place to Lay Down
And I Dream About You Now

Holding Pictures Near
I Think of You My Dear
My Body Knows no Fear
What Am I Doing Here
