Title: Watch your mouth

download from: <http://www.lyricsdisc.com>

Closet racist, what's it like to live a lie, put on a front when your rep is on the line, your mind is shut and I know you're weak inside, well guess what punk, you're running out of time

Please stop wasting my time, I hope you realize and one day open your eyes, your brand of hate is a waste of time, until you wise up, you're no friend of mine!
