

I tried but why can't I
You can't see what I see
From you it's you

[Chorus:]
In all my life
You find the wrong
But I write it off
'Cause you write the wrong

Wait and see it all waiting

You can't see,
You're never gonna see
When you're not listening
To your own voice

[Chorus]

We're turning down

[Chorus]

You write the wrong [repeat to end]
