

Ohh Yeah
That's what I like
Ohh
I just hangin' out
Wanna go for a ride
But i can't drive so I step outside
And I go for a walk to see my boyfriend
If he ain't home I'll leave a message on his cell phone
I love to just have a good time
Chillin' at the movies with my friends
And i know I'm just doin' what I like
I'm keeping it real
There's no need to pretend
Chorus~
I may be young but I know what I like
And i don't really care what they say about me
I'm just haveing fun and I'm feeling alright
And that's because I'm keeping it tight
Just doing what I like
Repeat Chorus
If I feel like dancing
Wanna dance all night
I hear the music playing
And that's what I like
I like singing my songs
And doing my thing
And I don't see nothing wrong
If I just wanna hang
I like seeing your hands up in the air
And I like watching all the cute boys stair at me
Just doing what I do
And this goes out to all of you
Repeat Chorus x2~
I know you wanna groove with me
So come on want you fell the beat
And do what you like with me
Cause that's what I like to see
Repeat Chorus x2
Dancing I like, Movies I like
Cuties I like, Singing I like
Talking I like, Chilling I like
I wanna see you doing what you wanna do
Dancing I like, Movies I like
Cuties I like, Singing I like
Talking I like, Chilling I like
I wanna see you doing what you wanna do
That's what I like
That's what I like
