

HOW did I end up here
closer to nowhere
in the middle of nothing and I'm
one step back from where I was
spinning in circles
gets old after a while

And you say if I fall I will
fall straight into your arms
and should I trip over my feet
and if I start to slip I will
slip right to my knees
into the center of your hands

Chorus:
Cause maybe
someday I could learn to trust you
and just stop thinking with my head
Cause maybe
someday I could learn to let go
I lose control but tell me what is wrong with that

Why do have to know everything
ad why does everyting always have to make sense
why do I always hve to have you figured out
cause I just want to take your hand

And you say if I fall I will
fall straight into your arms
should I tip ocer my feet
and if I start to slip I will
slip right onto my knees
into the center of your hands

Repeat chorus
What's wrong with that
what's wrong with that
what's wrong with that
what's wrong with that
what's wrong with
(Repeat chorus)
What's wron with that
