

No car, dead-ended
I can't get away
I'm going crazy every day
You know how it feels
When you're without wheels
Sending all the good times up a creek

When I get my wheels
Won't see me around
When I get my wheels
I'm gonna be freeway-bound
When I get my wheels
Nobody can put me down
When I get my wheels
I'm gonna be freeway-bound

Ooh, the nights are lonely
Without my fine machine
And my thoughts are only
Get my wheels and make a scene
Get my wheels and make a scene
Get some wheels and make a scene

I'm tired of staying in
I miss the drive-in
I'm like a bird with broken wings
You know just how it feels
When you're without wheels
Sending all the good times up a creek

When I get my wheels
Won't see me around
When I get my wheels
I'm gonna be freeway-bound
When I get my wheels
Nobody can put me down
When I get my wheels
I'm gonna be freeway-bound
Nobody can put me down
I'm gonna be free-way bound
You won't see me around
